Housing Status Correction
2024– 2025 Award Year

A student's housing status determines the anticipated Cost of Attendance (COA) for one academic year in college. The COA includes tuition and fees, room and board, books, supplies, transportation, personal expenses, and loan fees. The COA is the baseline to determine a student's financial aid eligibility, establishes financial need for grants, and loans. It also sets a limit on the amount of financial aid a student can receive. Please review the Schedule of Tuition and Fees, and your COA can be found in the FA Portal.

Important: Requesting a change to your housing status may require an adjustment to your financial aid awards. The Housing Status Correction form may be submitted at any point during the quarter. However, the change will not be effective until the beginning of the subsequent quarter.

If your housing status has changed, you must submit a Housing Status Correction form to the Student Services Office.
